

Good afternoon everyone,

These are a few friendly reminders for our owners and renters who have approved ESA (Emotional Support Animals) or Service Animals:

- Please remember to provide updated vaccine records to the office every year.

- Charlotte County requires you to license your dog, cat or ferret if the pet is in the county for more than 28 consecutive days in any year. Please provide us with a copy of the license if you are required to obtain one.

We'd like to remind you of a few pet requirements and general etiquette:

- Your pet must be on a leash in the park. The leash length should be appropriate to ensure your pet is not wandering onto individual lots or running up to other people or pets but may not be more than 6 foot. Remember that we are an over 55 park and have some owners or visitors who could fall if a dog was to jump on them or startle them.

- You must clean up any pet waste.

- Be considerate to boaters who may walk barefoot through the grass near the boat docks and do not let your pet use that area as a restroom.

- Please keep barking or other noise to a minimum.

- We recommend you check with the insurance carrier to ensure any damage or injuries caused by your pet are covered. Some carriers require you to list your animal with them no matter what the breed is. Be aware that your insurance might not cover renters if you rent your property.

Please pass this message along to your renter if you are an owner and your tenant has an ESA or Service Animal.

The Gulf To Bay Board of Directors appreciates your attention to ensuring your ESA or Service Animal is not disruptive to our non-animal owners.

Thank you,

Gulf To Bay Board of Directors
